*Final Workshop:
Urban residential*

Aug. 18, 2007

A component of the Comprehensive Plan process, a series of workshops led by local planning & landscape architecture firm The Jaeger Company will examine:

- Appropriate future land uses,
- Appropriate new and infill design, and
- Planning strategies to achieve the recommended use and design scenarios.
- Input from the public is critical to the workshops’ success.

WORKSHOP LOCATION

*UGA School of Environment & Design
Broad Street Studios*

UGA lots on
Hull Street are
available for the
workshop.

Please reserve
parking next to
building for older
or special need
attendees.
